### **Jobipedia.org Releases Free Interviewing Advice E-Book**

Jobipedia.org has released its first free informational eBook: *Leave Your Cat at Home – Interviewing Advice*. Free to download on the homepage, this eBook is a brief compilation of interviewing tips and recommendations for entry-level job seekers.

College students and recent graduates that want insight into topics like phone interviews, how to deal with visible tattoos, and how to best prepare for a job interview, will find this to be a terrific resource.

It's a very short read, only 20 pages, but it's filled with advice written by hiring and recruiting managers that contribute to Jobipedia.org. All of the contributing experts currently hire and recruit for some of America's largest companies, so the recommendations provided could not come from a better source.
